

Creep into the DEEPEND™

LAURA TIMM

FLORIDA INTERNATIONAL UNIVERSITY

STUDIES:

Deep sea isopods and shrimp -
both deepwater and coastal

DEEPEND FOCUS

Genetic diversity and gene flow in
the Gulf of Mexico

HAS STUDIED:

I've studied worms, sea urchins, and now
I work with crustaceans, like shrimp!

THREE THINGS LAURA DOES TO HELP THE EARTH:

I recycle everything I can. I try to walk
or bike, instead of driving. I conserve
electricity and water by turning off lights
and faucets when I'm not using them.
