

WHALETIMES POSTCARDS FROM THE DEEPEND!

Deep-Pelagic Nekton Dynamics of the Gulf of Mexico 2015

I'm Heather Judkins

I'm Michael Vecchione

Dear Jake and friends,
We're the Team Cephalopod Crew Leaders for DEEPEND.
Whether it's a splendid squid or an outrageously red
octopus, if it is boneless, has tentacles, suction cups, and a
cool shaped head, we hope to find it!
More to come.
Heather and Michael
