

# Gray Whale Fortune Teller

ACTIVITY: Make a fortune teller (aka cootie catcher)

GRADE LEVEL(S): K to 6th

 30 minutes each

OVERVIEW: Share the beauty of gray whales with friends

DISCIPLINES: Science, language arts, visual arts

OBJECTIVES: Students will be able to:

- discuss the importance of all animals
- write four to eight predictions
- celebrate gray whales

MATERIALS: Photocopies of the Gray Whale Fortune Teller catcher  
Scissors  
Pencils or maker

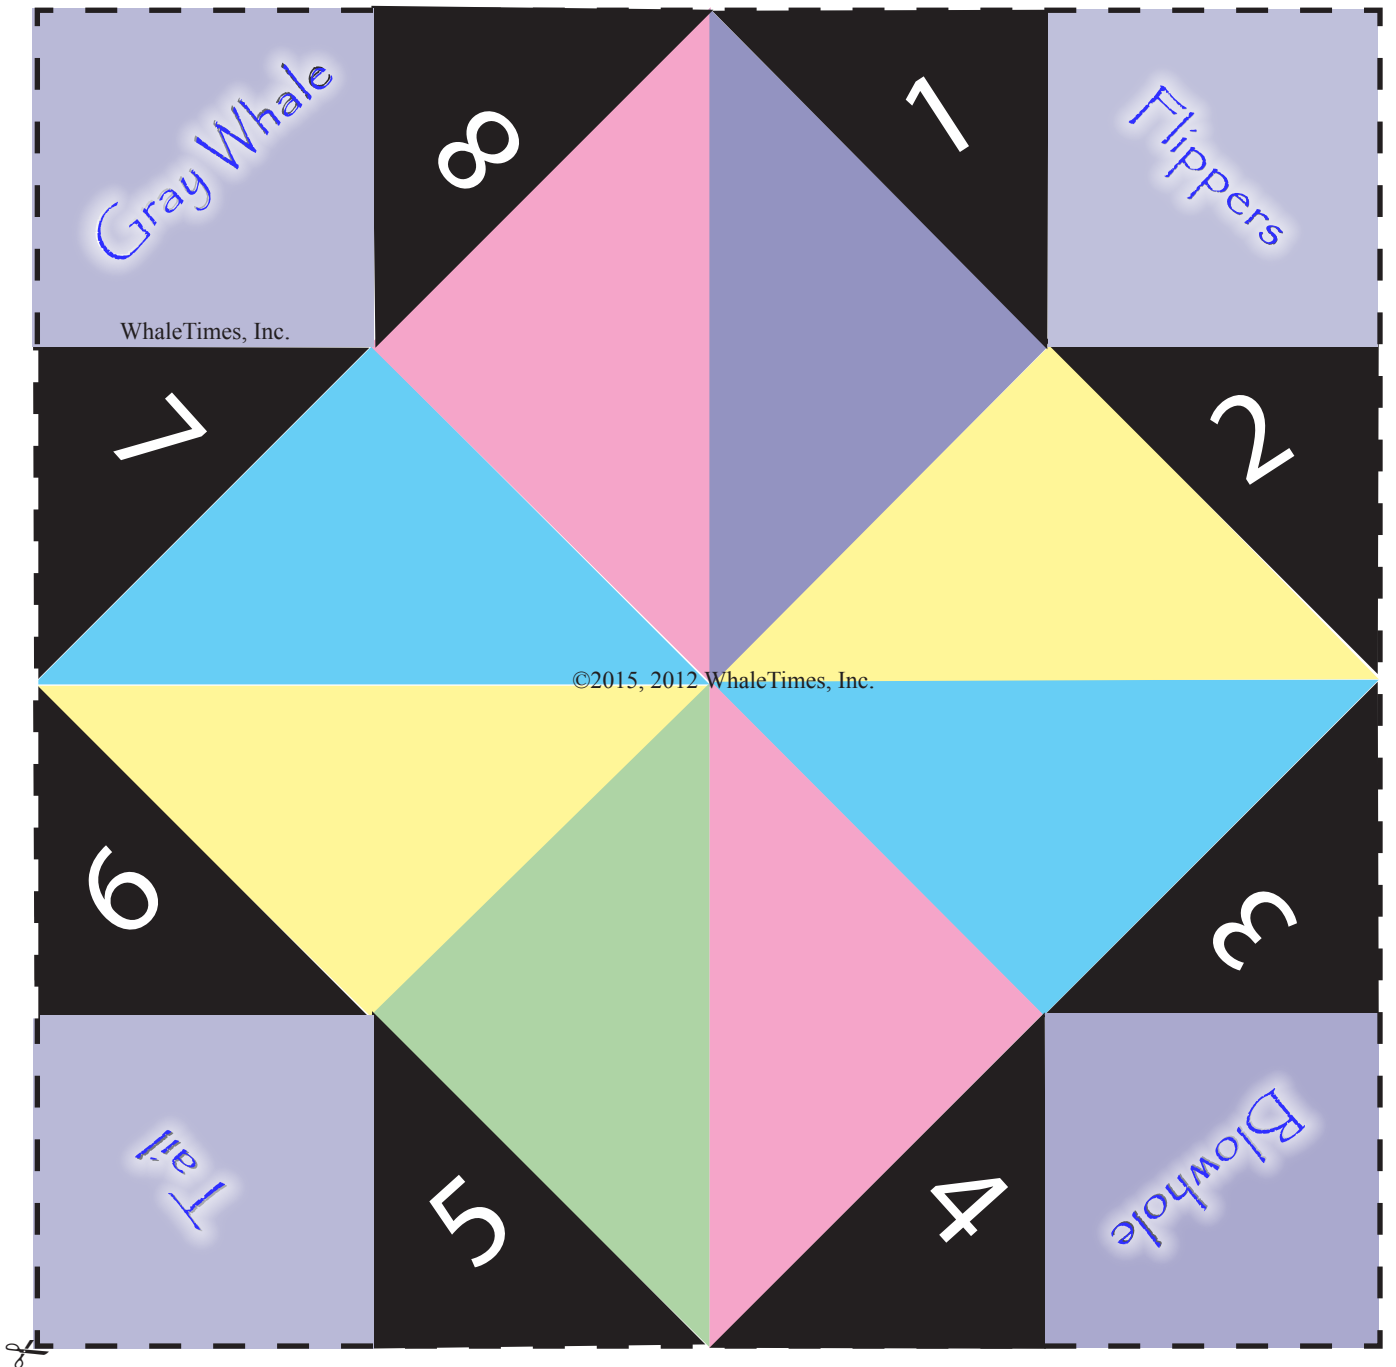

## WHAT TO DO:

**Preparation:** Print a Gray Whale Fortune Teller for each student. Depending on the age of your students and time allotted, you may choose to pre-cut the Fortune Tellers.

Have students:

1. Cut out the Gray Whale Fortune Teller
2. Fold each corner back (non-printed side) to the center.
3. Fold new corners forward (toward printed side) to center.
4. Fold square in half (number side in) one way.
5. Show students (unfamiliar with craft) how to slide fingers into each pocket (on outside) and give gentle squeeze to bring the fortune teller to life.
6. Have students write four (or eight) predictions in the empty spaces.
7. Allow students time to play and share with other students.
