Deep-Pelagic Nekton Dynamics of the Gulf of Mexico 2015

Who is she talking to?

I'm Tammy Frank

I'm Heather Bracken-Grissom

Dear Jake and friends,

We are the Team Crustacean Crew Leaders for DEEPEND!
Forget the fish, we study the cool animals! We'll be collecting and identifying shrimp in the deep-pelagic waters. We'll let you know what we find.

More to come.
