JOURNEY INTO MIDNIGHT
LIGHT AND LIFE BELOW THE TWILIGHT ZONE

TRACEY SUTTON, PhD
NOVA SOUTHEASTERN UNIVERSITY

STUDIES:

Deep-sea ecology and ecosystem structure

RESEARCH FOCUS:

Fish biology and ecology, fishes, ocean food webs

HAS STUDIED:

Deep-sea life off Iceland, Azores, Sargasso, Antarctica, and the Gulf of Mexico

THREE THINGS TRACEY DOES TO HELP THE EARTH:

Promote deep-ocean conservation and management, study who eats whom, and raise awareness of deep-sea biodiversity
